

Please complete questions 1 to 12 below; this will enable us to produce working drawings for your approval prior to manufacture.
Please note, we will not commence with the production of any posts based on the information on design sheets. Production will only start following the approval of our working drawings.
Note: Where loads are provided, a partial safety factor (γ) of 1.5 will be used to check serviceability.

1) PURPOSE OF YOUR ENQUIRY (Tick box as appropriate)

New Quote ☐ Specification Only ☐ New Order ☐ Amendment to existing Quote ☐ Existing Order ☐

2) CONTACT DETAILS

Contact Name
Company
Office Address

Tel/Email

Project Name
Site Address

Order No.

3) TYPE OF WINDPOST: (Windposts will be detailed and supplied as orientated below, unless otherwise stated)

HZS Angle Post ☐

HZS Channel Post ☐

HZS Flat Post ☐

HZS Box Post ☐

3a) If Angle post, indicate wall tie conditions crossing post:

In Mortar ☐

Movement Joint ☐

4) Number Required:

NUMBER OF WINDPOSTS REQUIRED FOR THIS SPECIFICATION :

.....

T&C Apply*

EMAIL TO: INFO@HZSSTAINLESS.CO.UK

Unit 6, Milner Way. Ossett, Wakefield, West Yorkshire, WF5 9JE. Tel: 01924 930 190

smartcrosby.com

hzsstainless.co.uk

5) WALL CONSTRUCTION

Please state brick, block, cavity and insulation widths (mm)

Brick (A).....
Full Cavity (B).....
Block (C)
Insulation (D).....

6) LENGTH Structural Opening (Size in mm)

.....

7) STATE EITHER:

Section Size
e.g 150 x 75 x 4 mm

.....

OR

Design Load/ Post (kN)
ULS e.g 7kN

.....

8) TOP CONNECTION (Tick one box only)

Please indicate required top connection from the drawings below and complete all applicable dimensions

Concrete

☐

Steel Beam

☐

Please specify section size:

.....

Timber wall plate

☐

9) BASE CONNECTION (Tick one box only)

Concrete

☐

Foundation

☐

Hollow Core Concrete Edge

☐

10) SLOT DIMENSION

Please state the dimension from base to first tie position to match coursing in mm:
(I.e, 225mm)

.....

11) DRAWINGS ATTACHED

NO

☐

YES

☐

Please attach drawings showing a section through the building if applicable

12) SPECIAL CONDITIONS

NO

☐

YES

☐

(Specify here or in an attachment)

(Post will be designed with HZS standard Windpost ties unless special conditions are specified, e.g. thin joint mortar, remedial application etc)
